

Greatness

Year 4

Heavenly father

Greatness is not about being the best-

it is important to help each other.

It is not about *me* but about how *I* can be there for everyone.

May we remember to encourage, listen, help and respect.

Everyone is special in their own unique way.

We all have talents, abilities and gifts and no-one is more important than another person- we all matter.

May we remember to use our gifts to build others up
and not look for glory for ourselves.

Thank you for the gifts I have and may I always use them to make
life better for others.

Help me to be like you in my heart
so that on my journey I can follow your example.

May we use our talents in a humble way

Everyone is different, everyone is equal.
