

Dear God,

Thank you for the day and  
night.

Thank you for the land we walk  
on and the sea we swim in.

Thank you for the sun, moon  
and stars that glitter in the  
sky.

Thank you for the beautiful  
birds and fish.

Thank you for all the amazing  
animals we share our world  
with.

But most of all thank you for  
creating all of us.

We promise to be kind and take  
care of your creation.

Amen.
