

Dear God,

Thank you for giving us the gift of your Earth and for creating this world to sustain us and for all of us to enjoy.

Help us to look after it by being good stewards of creation.

Give us the strength to pick up our own rubbish and help us around us do the same.

Help those charities and individuals who plant for trees to give us more oxygen and provide important habitats for animals. Please help people understand that deforestation is damaging our planet and eco-systems.

Help us to use renewable sources of energy and not waste electricity. Help us to understand how we can not use single-use plastic but recycle more easily.

Thank you again for giving us the opportunity to look after the world you have given us.

Amen
