Life to the Full- Relationship Education

Dear Parents,

Last year we consulted parents on the teaching of relationships and sex education through the scheme Life to the Full. As many of you are aware, classes have been accessing the materials since Autumn term as part of their PSHE lessons.

This Summer term, pupils will be learning about some sensitive topics and parents have the opportunity to access the material used through the Online Parental Portal (see link below).

<https://www.tentenresources.co.uk/parent-portal/>

The login credentials are:

U/N sacred-heart-sg12

P/W vale-red-21

After half term, Key Stage 2 pupils will be taught online safety, drug, alcohol and tobacco as well as sex education.

Parents had the opportunity to view materials during the consultation but it may well be worth a revisit to support any conversations you may have with your child at home.

Yours sincerely,

Michelle Fusi
