

Dear God,

Thank you for today and for all the children around the world. We pray for all the children's minds to be happy, strong, and full of hope. Help us to feel safe and loved, no matter what.

This week, we think about how we can be kind to ourselves and to each other. Please help us to talk when we feel sad or worried, and to always listen with love when someone needs a friend.

We remember the Pilgrims of Hope, who show us how to walk together and support each other, just like a family. In this special Jubilee Year, help us to be brave, to have hope, and to spread joy wherever we go.

Amen
