Learning behaviours

- Growth mindset
- Good behaviour
- Kindness

Growth Mindset

How can we enact a growth mindset culture in our school? ▾

Metacognition – Presentation for parents from Curriculum Evening ▴

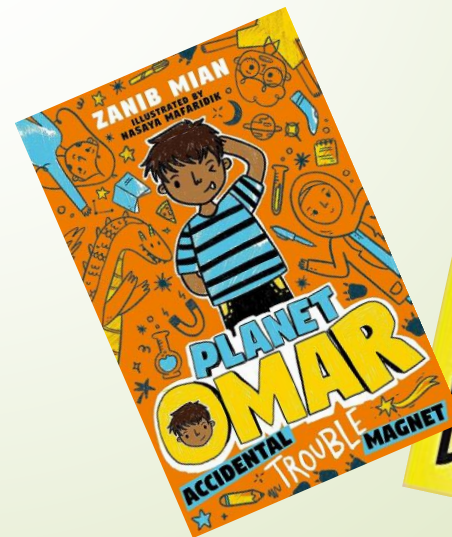

Final thought that applies to our children and to ourselves. We are all on the road. Imagine the road is full- some are further down it than others and that is OK because this isn't a race. It isn't about where you are compared to others – some will be very concerned about that and disengage because they aren't as far down as someone else. Keep working and keep moving forward – the more you do that, the easier the road becomes. By moving forward, everyone improves.
